

# WELCOME TO Skärpt

Calibration & Qualification Division

# ABOUT US

## MISSION

To provide calibration and qualification services with high precision and standards that prioritize customer needs and promote appropriate industry development.

## VISION

Our commitment to customer satisfaction is reflected in our provision of high-quality services designed to maintain trust, promote integration, and ensure accountability.

## Our Services

**Calibration**

**Thermal  
Mapping**

**Qualification**

# Calibration Services For

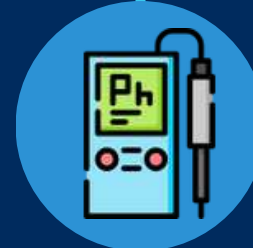

Differential  
Pressure Gauge

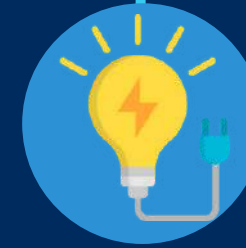

Balance 300 Kg

Temperature  
Sensor

pH Meter

Conductivity  
Meter

Standard Weight

Pressure Gauge

Vacuum Pressure  
Gauge

Stopwatches  
& Timers

Data logger  
(Temp./RH)

Balance 320 g

Conductivity with  
resistance

RPM

Volumetric

Flow Meter

Air Velocity, Air  
Flow

T/RH%

# Temperature Mapping For

**Warehouses  
& Storage Rooms**

**Cold/ Cool Rooms**

**Refrigerators**

**Incubators**

**Stability Chamber  
& Stability Rooms**

**Passive Systems**

**Refrigerated  
Road Trucks**

# Thermal Validation For

**Autoclaves**

**Ovens**

**Tunnels**

**Tanks**

# Market Segment

# OUR DIFFERENTIATIONS

**FLEXIBLE  
SERVICES**

**REGULARITY  
COMPLIANCE**

**CUTTING-EDGE  
TECHNOLOGY**

**WIDE RANGE OF  
CALIBRATION  
EQUIPMENT**

**COMPERHENSIVE  
REPORT GENERATION**

**SPEEDY & RELIABLE  
SERVICES**

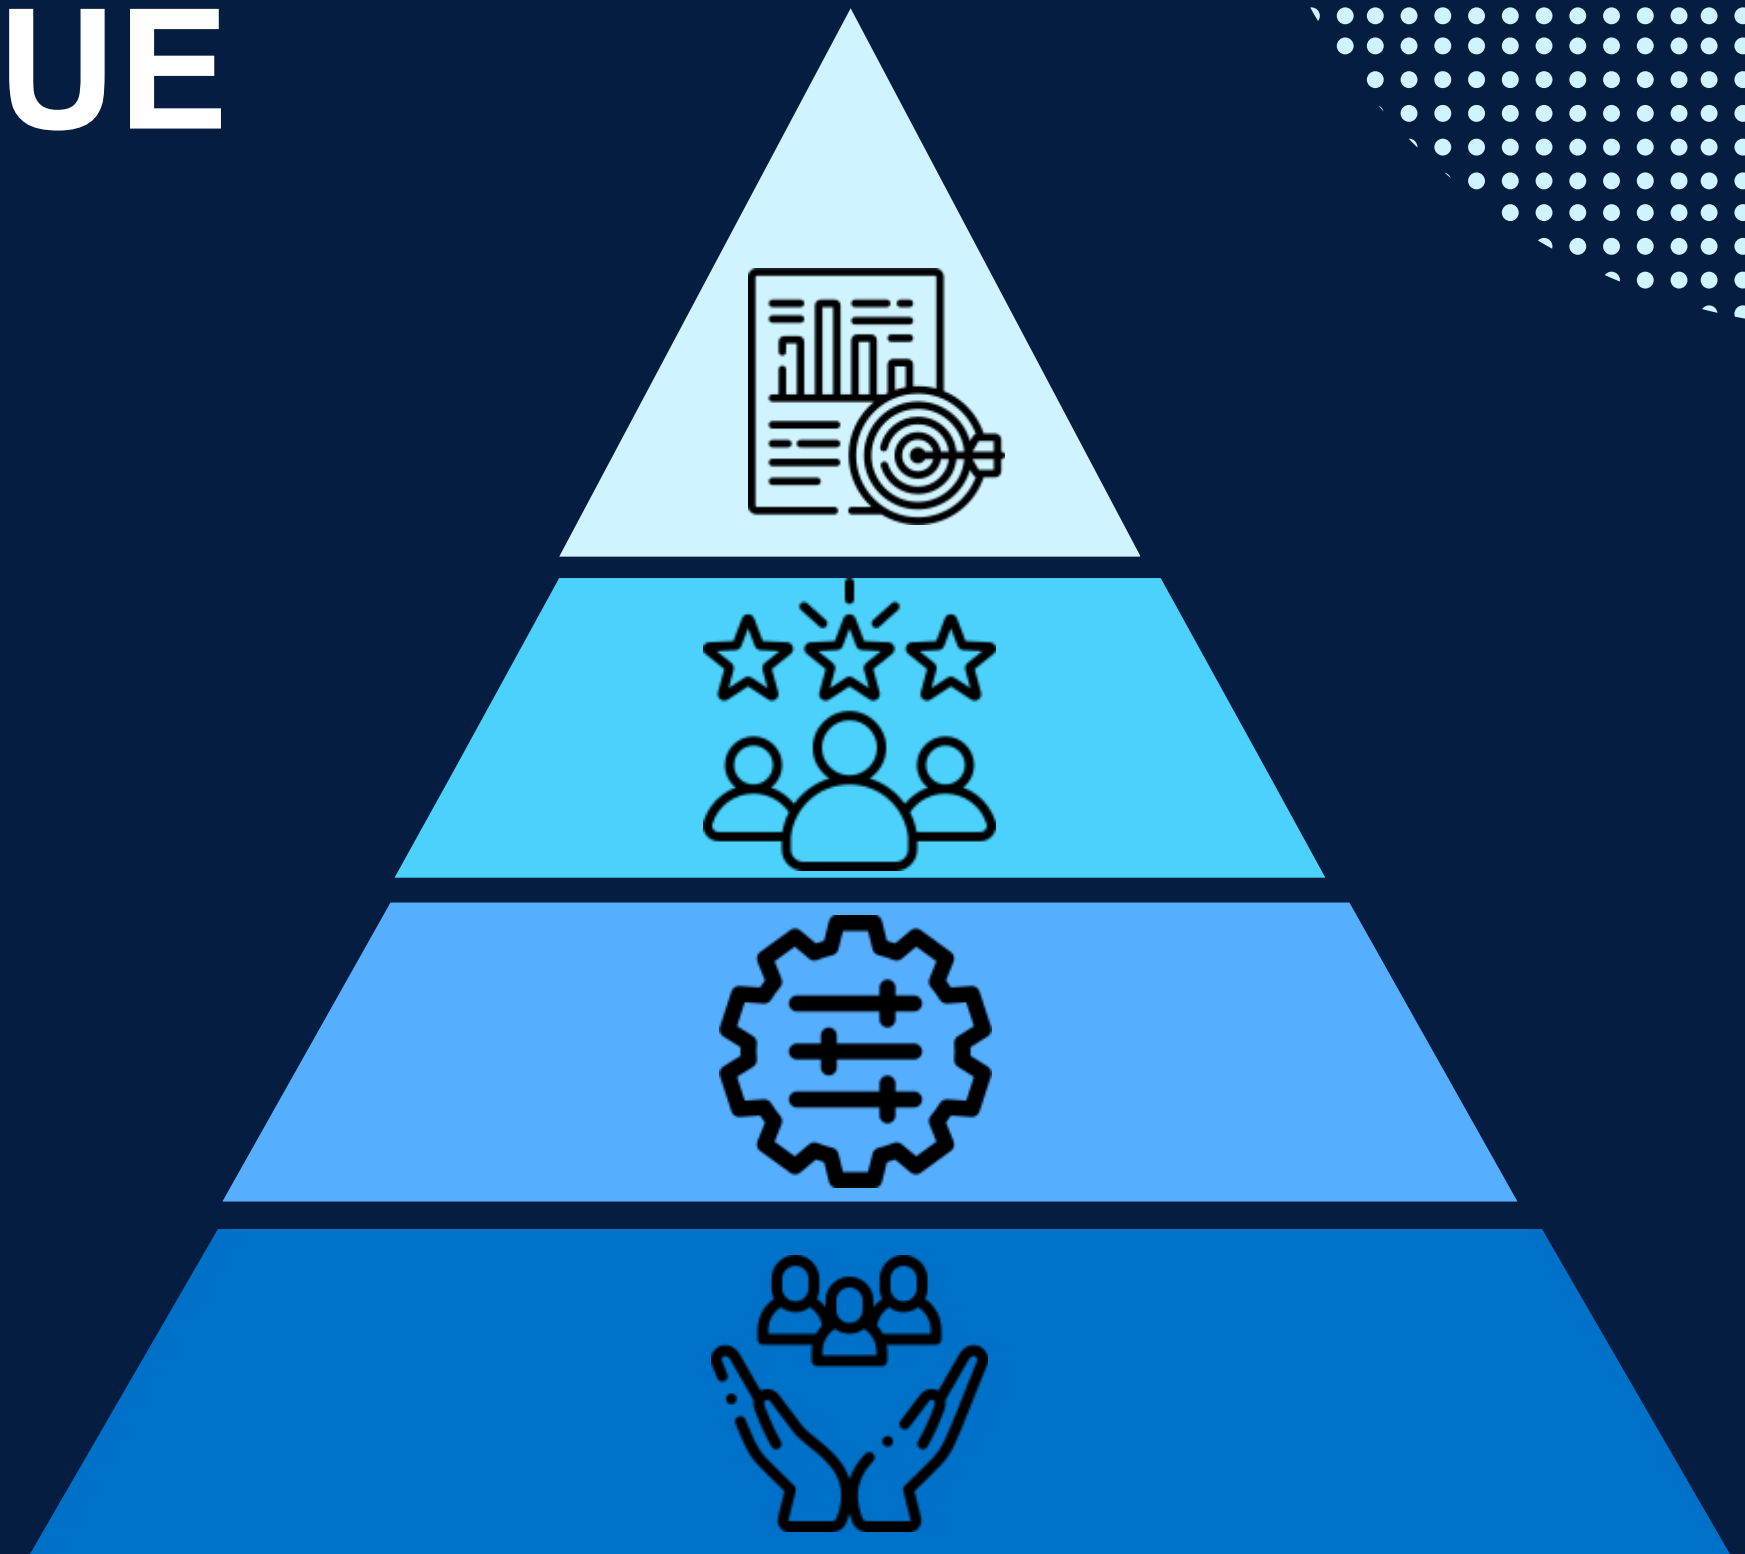

# OUR ADDED VALUE

01 Unprecedented Accuracy

02 Expert Guidance

03 Adaptable to Diverse Environments

04 Excellent customer Care

# QUALITY COMMITMENT

## Reliability

We are committed to providing reliable services that meet the highest industry standards.

---

## Durability

Our services are built to last, with durable materials and components that ensure long-term performance and reliability.

---

## Quality Control

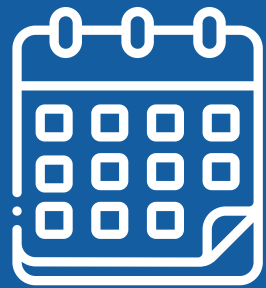

We have stringent quality control measures in place to ensure that every service is of the highest quality.

---

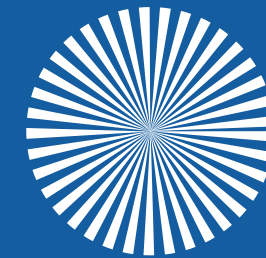

## Customer Satisfaction

We prioritize customer satisfaction to exceed their expectations.

# Our Qualifications

Years of experience

Advanced techniques

Roster of notable clients

Creative input

General requirements for the competence  
of testing and calibration laboratories

Latest technology
